

NUSS' NEWS

St. Aloysius Catholic School | 5th Grade | Mrs. Katie Nuss

Map Testing Complete

As of today, our first round of MAP testing is complete!

Congratulations to our kiddos for working so hard! They did great! I will be able to share your students results at our parent/teacher conferences in November!

Brr! It's getting chilly!

Please make sure to send your student with a sweatshirt everyday!

October Birthdays

Happy Birthday Lily and Rocky! Come see me for your homework pass!

Growing Gratitude- Everyone Leads at St. Al's

Next week we will be leading Monday Morning Prayer and we will be focusing on Gratitude. I will be asking for students to bring in a prop to help students understand gratitude, and what/who they are grateful for. Please help your student find something that will be appropriate and meaningful to lead the other classes.

I

Days to remember:

Wednesday 10/10 Picture Day- Nice Free Dress

Thursday 10/11 All School Mass- 5th grade hosting, please join us at 10:15

Friday 10/12 5th grade Party- Comfy, frumpy Friday (sweats, cozy clothes)

Friday 10/26 HALLOFEST 5:30

October in 5th Grade

In Grammar, we will be continuing to work on parts of a sentence. When checking your students work, please ensure there is punctuation and capital letters where needed. We will also be writing a persuasive piece to sell the spookiest of haunted houses.

In Religion, we will continue our work with the blessed sacraments, as well as planning our first prayer service and All School Mass.

STEM continues to be exciting as we explore the night sky. We will be logging the moon phases this month so please remind your student of this when they get their logs this week.

In Math, we are working on place value to the thousandths place, introducing exponents, and multiplying decimals by 10, 100, and 1000

In Humanities, we will finish the novel Wonder and begin our Earliest Americans and Explorer Unit.

Bryson, Carrson and Harper working with our sundials in STEM!
